## EDITORIALS

### An Excellent Report

If the Bennett Government deserves credit for no other thing, it must be given credit for the commendable manner in which it took over and has thus far handled the liquor control question and it must be permitted to bathe in the reflected glory of the excellent report presented by the commission it appointed. The report is epoch-making and one which, when implemented, should redound to the credit of both the men who wrote it and to the government which puts its recommendation into effect.

The report is a move towards sensible grinking practices in this province and it should result in the elimination of many of the disgraceful conditions that are current today. Last June the people of this province in a plebiscite indicated that they desired a change in the liquor laws. They did so because they were aware that the current laws are not good laws. The people know that if they can get a drink in an attractive public place there will not be so much bottle-killing in bedrooms and parked automobiles. The investigating committee, after months of intensive study, is apparently of the same opinion.

The report is strongly critical of the present liquor control board and, no doubt, with justification. But on the other hand, a law that is deliberately broken by thousands of normal and otherwise law-abiding citizens every day is a law which cannot be enforced. Strict enforcement of the current law would crowd our courts and would result in a complete breakdown of our law-enforcement machinery which would be completely inundated with liquor cases.

All governments and legislatures during the past two decades have chosen to ignore the situation because of the fear of its political repercussions. The late Coalition Government did arrange for a plebiscite to be taken at the last general election and the people of this province indicated in no small measure that they thought a change in the liquor laws was long overdue. Premier Bennett then appointed the three-man commission to study the situation and to make a report. He has indicated that his government will accept the recommendations which were handed down last week. Now it remains for the Bennett Government to place before the legislature the required statutes. There is every reason to hope that this action will be taken at the next legislative session and that soon B.C. will have reasonable drinking laws. There is no guarantee that they will work perfectly. Indeed, it is probable that trial and error will show that some further changes need to be made, but they should be tried, and they will be a step towards the elimination in this province of conditions which can no longer be tolerated.

The public of this province is grateful for the work of the Stevens-Swanson-Home commission. These men took their duty seriously and wrote a thorough, courageous and generally splendid report. The government cannot allow this excellent report to be pigeon-holed and unacted upon. It, the government, has nothing to fear in undertaking the modernization of our liquor laws. A majority of the public will back the government in the implementation of the Stevens Commission.

### The Great Sin

Mayor Charlotte Whitton spoke for many Canadians recently, when accepting a medal for her services to Queen's University. In expressing her thanks, the Ottawa mayor chose to criticize, rather than commend, the universities; remarking that "the great sin of our day against youth is that we have been educating for easy living."

The evidence of this is all around us. Indeed, the trouble goes deeper than Dr. Whitton suggests. It is not merely that the present generation expects to get things with little effort; but that it often expects to get them with no effort at all. They are its "rights", to be claimed without question and without payment.

Under these circumstances it is not surprising that democratic government is, as Dr. Whitton says, declining and disintegrating. Democracy was founded on the belief that if men work hard enough, and thought hard enough, they could attain ever-rising standards of culture, of education, of freedom and happiness for the individual. Never was it pretended that those standards could rise automatically. Never was it suggested that anything could be attained without physical toll and mental struggle.

But now, through false teaching and preaching, we have a generation that takes past progress for granted, and regards future progress as its right. Food, housing, health, education—all the necessities of life, and not a few of the luxuries—are guaranteed. They do not have to be earned, but merely demanded. Democracy cannot long survive on this basis. It must return to realities—stern, yet honest—of toil and struggle, of challenge and risk; or else surrender to enemies from whom those realities have never been concealed.

### KIWANIS CLUB WILL INSTAL NEW OFFICERS

Installation of 1953 officers of the Kelowna Kiwanis Club will take place Tuesday at 7:00 p.m. at the Royal Anne Hotel. Installation of officers and guest speaker will be Lt. Gov. Joe Allen of Twisp, Washington.

Taking office will be Jim Fox, president; Bob Johnston, immediate past president; Ev Greenaway, vice-president; Chuck Porter, treasurer; Rev. D. M. Perley, secretary; Jim Burdett, Ross Donaldson, Jack Gordon, Tom Gregory, Ted Hackle, Harold Johnston and Percy Perkins.

### BURNS NIGHT PLANNED HERE NEXT FRIDAY

Annual Burns Night, supper and dance, honoring the memory of the famous Scottish poet, Robert Burns, will be held at First United Church hall Friday night, commencing at 8:30 p.m.

Sponsored by the AOTS Men's Club, there is a limit of 430 tickets. A varied program has been arranged.

**AQUATIC MEETING**  
Directors of the Kelowna Aquatic Association will hold a meeting Tuesday (tomorrow) night at 8 o'clock in the memorial room of the Kelowna and District Memorial Arena.

## Guide Reins of BCFGA

CONFIDENCE IN 1952 executive of B.C. Fruit Grov'ers' Association was evident in re-election of most of the executive for 1953 at last week's convention in Vernon. Left to right front row they are S. J. Land, Okanagan Centre; A. R. Garrish, Oliver, president; John S. Hall, Erickson, and J. E. Wood, Salmon Arm. Back row, J. M. Kosty, Vernon; C. McKenzie, Summerland; and Sam

Pearson, Glenmore. Missing is J. A. English, of Penticton.

This is the first year officers have been elected at the annual convention. In bygone years they have been selected at the first meeting of the Board of Governors, generally held in the spring. Under a change in bylaws, officers will henceforth be elected at the annual parley.

## Bostock Well Out in Front In Athlete of Year Contest

RAY Bostock is assured of first or second place in the Vancouver Province's poll for the B.C. athlete of the year (1952).

This information was given out by officials of the Vancouver Province as a flood of Bostock Ballots boost the Kelowna rower out farther in front. No information was given on the extent of Bostock's lead, other than that it is "considerable."

Further proof that Bostock, Kelowna's athlete of the year, is on the verge of pulling down bigger recognition is gleaned from the fact that he has already been invited to attend the banquet at which the presentation of the Hector McDonald Memorial Award will be made. The presentation is slated for the Pacific Athletic Club next Saturday. Several supporters already are planning to accompany Ray to Vancouver. Publicizing the 1953 Kelowna International Regatta will be done at the same time.

**MAIL BY TUESDAY**  
Deadline for getting ballots in is 5:00 p.m. Thursday. All ballots, to be valid, have to be in the Province by that hour. That means ballots mailed from here should leave to

tomorrow. Those mailed Wednesday may get there in time, but a delay in mail arrival, common at this time of year due to weather conditions, would make them useless.

Latest word from Vancouver is to the effect that Bill Mawhinney, champion golfer from Vancouver, still is holding down second, but is seriously threatened by soccer star Bruce Ashdown and junior golfer Kevin Riley. Greatest threat to Bostock is seen in last minute support for Mawhinney and Riley.

But that support will have to be mountain-sized. Close to 3,000 ballots have gone out of Kelowna in the past three days and hundreds more are going out today and tomorrow. Official ballots are appearing

## B.C. Fruit Board Heads

CONTINUING AS B.C. Fruit Board members, following annual BCFGA convention at Vernon last week are three veterans in grower administration. Left to right they are Gordon Desbrisay, Penticton; J. G. Campbell, Salmon Arm, and G. A. Barrat, Kelowna. They work within the BCFGA.

## DEMAND ACTION

## Time Mellows Public Indignation But Disgusted Patrons Still Write Letters

Time has begun to mellow the public indignation over the rough-housing that developed in last Wednesday's hockey game between Penticton and Kelowna, but not before several persons "took the bull by the horns" and did something about it.

Disgusted patrons have openly accused a few of the V's of unsportsmanlike play and the referees of callous indifference and incompetence. In the active list are those who wrote letters to league headquarters, to the editor of this paper and to the editor of the Penticton newspaper (The Penticton Herald).

Mayor Jack Ladd, an attendee at the game in question, phoned Mayor Rathbun of Penticton the following day, pointing out that intemperately relations were threatened. The executive of the Kelowna Senior Hockey Association held an emergency meeting Thursday and decided to demand a league meet-

ing to review the refereeing situation. It is understood such a meeting, attended by team barons and referees, will be held in a few days, as soon as convenient for all concerned.

The incident that brought Penticton-Kelowna relations to their lowest ebb yet was the injury to Mike Durban, starry left-winger with the Packers, and runner-up in the scoring race at the time he suffered a serious arm fracture in the third period.

**OUT FOR SEASON**  
According to club medico Dr. Stan Underhill, the multiple fracture is "one of the worst I have ever seen." Dr. Underhill has little hopes of Mike being ready to play any more this season, even in the playoffs.

"I might get him into a workable cast by playoff time, but I doubt if he will be able to play even with that," said the doctor.

At least six players suffered injuries of various degrees, including one Penticton player, in the violent exchange. Kelowna won the game 6-0 as Jack Gibson registered his first shutout of the season and the second in league play this campaign. Penticton recorded the first 7-0 job over Vernon, at Penticton October 17.

**OPEN LETTER TO LEAGUE**  
A copy of an "Open letter to the president and executive of the Okanagan Senior Hockey League," written by M. J. Evans, 2400 Abbott Street, has been received. The letter follows:

January 15, 1953  
Dear Sirs:—This letter is an attempt to put into words what I believe to be the sentiments of the great majority of the spectators who saw the so-called hockey "game" against the Penticton V's in our Memorial Arena last night. In passing, I would suggest that the prefix "Memorial" might well be dropped (Turn to Page 5, Story 1)

### YOUTH DRAGGED 60 FEET AFTER STRUCK BY CAR

A 15-year-old Rutland youth crawled out from under a passenger auto Saturday night after he was carried a distance of 60 feet. Vivian Kalins was found to be suffering only from a cut in the head and bruises to his right leg. He required three stitches to close the cut.

Royal Canadian Mounted Police cited the mishap as one of the most fortunate recent years. "We still don't know how he wasn't killed or badly hurt," a policeman said.

Driver William Hall of Kelowna, said he had no chance to avoid hitting the youth, as he was walking on the wrong side of the road. He had just passed another auto, proceeding in the opposite direction, when the youth loomed into his vision. It was snowing heavily at the time.

Hall helped the youth into the Rutland High School where a physician was called.

### COUNCIL MEETING

Regular meeting of the Kelowna City Council will be held tonight in the council chambers at 8 o'clock.

## BCFGA Officials Are Re-elected

(By Courier Staff Reporter)

VERNON—The 350-odd delegates and visitors to the 64th annual convention of British Columbia Fruit Grov'ers' Association have returned to their homes following one of the most successful conventions on record.

The three-day parley gave delegates of various fruit locals an opportunity to express their viewpoints on marketing problems, and at the same time make future plans for the successful operation of the organization.

Heads of the fruit growers' body virtually received a vote of confidence when majority were re-elected at the closing session of the convention. A. R. Garrish, of Oliver, will again guide the reins for another year, while on the executive are John S. Hall, Erickson, who represents the Kootenays; J. M. Kosty, Vernon and J. E. Wood, Salmon Arm, representing the northern district council; Sam Pearson, Glenmore and S. J. Land, Okanagan Centre, central district council; C. McKenzie, Summerland and J. E. English, Penticton, southern district council.

Elected to the Board of Governors of B.C. Free Fruits Ltd. were J. S. Hall, Kootenays; T. S. Towgood, Olyana and D. Glover, Vernon, northern district council; James Snowsall, Glenmore and L. G. Butler, East Kelowna, central district council; W. R. Powell, Summerland, W. Gordon Wight, Oliver, and Albert Millar, Oliver, southern district council.

On B.C. Fruit Processors Ltd., a subsidiary of the BCFGA, are A. W. Gray, Olyana, and Peter Wing, Kamloops, northern district council; L. G. Butler, East Kelowna and S. D. Price, Kelowna, central district council; and W. R. Powell, Summerland, C. C. Macdonald, Penticton, and L. Deighton, Oliver, southern district council.

Members of B.C. Fruit Board were re-elected. They are Gordon Desbrisay, Penticton; G. A. Barrat, Kelowna, and J. G. Campbell, Salmon Arm.

This is the first year that heads of the BCFGA have been elected at the annual convention. In bygone years, they have been chosen at the first meeting of the Board of Governors held in early spring.

Grov'ers agreed to increase the annual grant to Summerland Experimental Farm by \$1,000 to \$8,000, as they felt valuable work is being done in the way of research. In the research field, Dr. Dick Palmer of the SEF said efforts are being pressed to obtain a new type of apple which would have the qualities of all popular types presently being sold on the market. There are over 6,000 seedlings on the "farm" at present, and Dr. Palmer thought "one of these may be the answer to your problem. At present, an unnamed variety, referred to as No. 54, holds great promise, he said.

J. G. Campbell, Salmon Arm, popular figure in the fruit growing organization, served notice that it will be "withdrawing" somewhat from activities. He declined to stand for re-election on the executive, stating his job on the B.C. Fruit Board is "too arduous" as it is. Mr. Campbell has been on the executive for seven years.

Grov'ers endorsed the 1953 budget, which calls for an expenditure of \$41,700 during the next 12 months. This is an increase of \$6,630 over the previous year.

### STORY OF CROWN JEWELS STARTS IN THIS ISSUE

Read the "Story of the Crown Jewels," the romance behind the fabulous royal treasures of England and the Empire told in picture strip form starting in this issue of The Kelowna Courier. This feature will appear in every issue of The Courier between now and the time of the Coronation.

### Represented This Riding For 23 Years

HON. Grote Stirling, P.C., minister of national defence and minister of fisheries in 1934-35 in the R. B. Bennett Conservative administration died early Sunday morning. Mr. Stirling, who represented the federal riding of Yale in the House of Commons for 23 years, suffered a stroke last Wednesday. Rushed to hospital, he lapsed into a state of unconsciousness and never recovered.

The veteran member of parliament was 77 years of age. He was forced to retire from public life in 1947, due to ill health. This morning tributes from all walks of life are pouring in from various parts of the country. He was respected by members of all parties, and even after his retirement, his counsel on important matters was sought on numerous occasions.

Funeral services will be conducted by Rev. Archdeacon D. S. Cathpole from St. Michael and All Angels Anglican Church on Wednesday at 2:00 p.m. Interment will follow in Kelowna cemetery.

**CIVIL ENGINEER**  
Born at Tunbridge Wells, England, in 1875, he was educated at University College School London, before training as a civil engineer at Crystal Palace Engineering School. He practiced as a civil engineer in the British railway ways for several years before coming to Canada in 1912.

Grote Stirling's father was a Royal Navy captain and his son bore a rugged discipline that characterized the British service family of that day. An uncle, was George Grote, the famous banker historian. Mrs. Stirling nee Mabel Kathleen Briscoe, whom he married in 1903 was the daughter of a retired naval surgeon, then practicing in Syria.

Mrs. Stirling died in 1933, and three years later, he married Miss Jean Gready, of Bristol, Eng., the wedding taking place in England with the Dean of Bristol officiating.

Mr. Stirling came to Canada in 1912, and he and his wife settled in the Kelowna district, where they took up land and started an orchard. After five years, the family moved to Kelowna where Mr. Stirling returned to practice as a civil engineer. He was one of the earliest members of the Association of Professional Engineers of B.C. and in 1946, the association conferred on him an honorary life membership.

During his many years in Kelowna, he took on active part in community affairs, including a term as president of the Kelowna Board of Trade. In 1924, he was chosen Conservative candidate to contest the federal constituency of Yale. He continued to represent this riding until 1947 when ill health forced his retirement.

**VETERAN M.P. RESPECTED BY MANY PEOPLE**  
Hon. Grote Stirling, who died on Sunday, was respected by members of all political parties. When Prime Minister St. Laurent visited Kelowna for a few hours during his western tour last October, he took time out to call on the veteran M.P., and when Hon. George Drew, leader of the Progressive Conservative Party was here some time ago, he did likewise.

Glowing tributes were paid Mr. Stirling when he retired from politics in 1947, and although he has lived a rather quiet life during the past five years, his counsel was sought by people in all walks of life.

Telegrams and messages of condolence are being received by the bereaved family from all parts of the country. Among those who wired was the Progressive Conservative Leader George Drew, who has requested C. G. Beaton to represent him at the funeral.

**PERILOUS SHORTCUT**  
A shortcut across the railway bridge at Princeton almost led to the death of a well-known Kelowna bus driver during the recent Princeton bonspiel.

Nelson Clow is home now, recovering from the effects of a fall from the bridge, striking a girder on the way down, and landing on gravel in shallow water and a "ride" down the river at the mercy of the "fast moving" icy current.

It was the first time Clow, and his two companions—Norman and Orville Brownlee, also of Kelowna—walked out on the CPH bridge—and will probably be the last.

The trio, anxious to get to their beds for an early game (it was midnight at the time) were told of the shortcut. "We realized there was a certain element of danger walking over a trestle bridge, especially when it is completely dark," Clow recounted.

**THOUGHT TRAIN COMING**  
While crossing, Clow thought he heard a train coming, stopped to the side of the track, just in case, and lost his balance. The Brownlee missed him shortly afterwards, having gone ahead and hearing no outcry from Clow.

It was several minutes before they found him 50 feet downstream, moaning and shivering on the snow and ice-covered bank of the Similkameen River. They managed to get Clow back to the curling club where he was hustled into an auto and taken to hospital.

There doctors were amazed to find no broken bones—only a mass of bruises. They feared pneumonia, inasmuch as Clow had just got over a bout of the flu. However, he recovered quickly and was released Wednesday morning, arriving back in Kelowna that night after a long delay waiting for a late train and other delays enroute.

The good fellowship and sportsmanship of curling was never more manifest than when Clow went to pay his hospital bill. Attendants said everything had been taken care of by the Princeton Curling Club.

HON. GROTE STIRLING, P.C.

until 1947 when ill health forced his retirement.

### APPOINTED TO CABINET

After the Conservative party swept the country in the 1930 general election, the leader of the party, the late Viscount Bennett, recognized Grote Stirling's qualifications of a leader, and he was later appointed minister of national defence and minister of fisheries. Mr. Stirling was personally returned to office by a large majority. He continued to hold Yale seat until 1947 when he retired from active politics due to ill health.

During his term of office, his business and agricultural experience were put to use. He gave valuable counsel in the framing of marketing laws and other pieces of legislation of prime importance to the country.

Mr. Stirling is survived by his wife who resides at the family residence 608 Burne Avenue; a sister in England; two daughters, Mrs. R. Stirling, Kelowna, and Mrs. Britten Brock, and two sons, Andrew, Kimberley, B.C. and Michael, Norfolk, Virginia.

Michael, who is a captain in the Royal Canadian Navy, was recently home on leave following his promotion from the rank of commander. Stationed in Washington, D.C., he was recently posted to the staff of the Supreme Allied Commander Atlantic, Norfolk, Virginia.

Kelowna Funeral Directors are in charge of funeral arrangements.

### FIRE BRIGADE MEETS TONIGHT

Annual meeting of the Kelowna Volunteer Fire Brigade will take place in the fire hall tonight commencing at 8:00 o'clock.

Fire Chief Fred Gore will tender his annual report while election of officers and crews will also take place. Mayor Jack Ladd and members of the City Council along with other businessmen have been invited to attend.

## Local Man Survives Fall From Bridge Into River

A shortcut across the railway bridge at Princeton almost led to the death of a well-known Kelowna bus driver during the recent Princeton bonspiel.

Nelson Clow is home now, recovering from the effects of a fall from the bridge, striking a girder on the way down, and landing on gravel in shallow water and a "ride" down the river at the mercy of the "fast moving" icy current.

It was the first time Clow, and his two companions—Norman and Orville Brownlee, also of Kelowna—walked out on the CPH bridge—and will probably be the last.

The trio, anxious to get to their beds for an early game (it was midnight at the time) were told of the shortcut. "We realized there was a certain element of danger walking over a trestle bridge, especially when it is completely dark," Clow recounted.

**THOUGHT TRAIN COMING**  
While crossing, Clow thought he heard a train coming, stopped to the side of the track, just in case, and lost his balance. The Brownlee missed him shortly afterwards, having gone ahead and hearing no outcry from Clow.

## VERNON FIRE

**LOSS DOWN TO**  
**BELOW AVERAGE**

VERNON — Vernon's fire loss  
during 1952 was \$7,158.73, of which  
only \$500 was not insured. Fire  
Chief Fred S. Little said in his annual  
report to City Council.  
"This is considerably less per  
capita than the national loss around  
\$5 a person," commented the chief,  
adding a warning against complacency.  
"Two years ago, our loss was  
more than \$7,000, higher by far  
than the Canadian average," he  
added. The chief emphasized the  
need for at least one more addi-  
tional paid fireman; "a serious re-  
quest," he declared.

## Minister Favors Orderly Farm Product Marketing

(By Courier Staff Reporter)

VERNON—"As your minister of agriculture, I believe that orderly marketing is essential to the welfare of agriculture in this country," said Hon. Kenneth Kiernan, addressing the B.C.F.G.A. convention banquet, hosted by the Vernon Board of Trade in Hotel Allison Wednesday evening.

Mr. Kiernan was referring to a resolution pertaining to orderly marketing which had been discussed on the floor of the convention earlier in the day.

"Your discussion indicated to me that you, as growers, are aware of the problem... of public relations," Mr. Kiernan continued. "Perhaps you were unduly alarmed by the passage in Vancouver last fall (not unanimous) of a resolution requesting that activities taking part under the B.C. Natural Products Marketing Act be investigated."

"The public, as a whole, is not too clear on the regulations, and it seems your duty, not only to convince your own growers that they must comply with certain regulations, but to convince the public those regulations are not opposed to their freedom and liberty," Mr. Kiernan declared, adding that "I, as your minister, do not believe in the 'old dog eat dog' policy of distribution... but I do believe that orderly marketing is essential."

"This government has no intention of throwing the Natural Products Marketing Act out of the window; but we, as a government reserve the right to enquire into the Act."

"I have required that an examination be made of such activities," Mr. Kiernan declared. "The onus is on the primary producer, he said. If the consumer has an understanding of what you are trying to do, will co-operate," Mr. Kiernan said, deploring "incidents in the newspapers which are exaggerated," and which "could get the consumer's back up."

"We will see," continued the minister, speaking for his government.

When quality and pack of B.C. produce was equal to that obtainable elsewhere, then products of this province would be given the edge, Mr. Kiernan declared.

"We want a square deal. As minister of agriculture, I will do it, I possibly can, to see you get it," he said. Mr. Kiernan said he was "most impressed" with the way A. R. Garish had handled the convention, which brought cries of "hear, hear," and loud applause from the 300 assembled delegates and visitors.

The minister said Premier W. A. C. Bennett was sorry not to be present at the convention, but "the business of the province was keeping him more than busy, and he sent his apologies."

Mr. Kiernan was introduced by A. K. Loyd, president of B.C. Tree Fruits Ltd., who told the meeting that the minister had been a farmer, first on the prairie, and later in B.C., and even in the Okanagan.

A Vernon and Creston resolution calling for the provincial government to revise the school land tax structure, was approved. It contended that the present system was creating an "unbearable load" on farm lands.

Resolutions dealing with the three percent SS and M.L.A. tax on fruit power, spray materials and irrigation equipment, were all approved. The resolutions asked that these categories be exempt from the tax.

An effort on the part of Winfield-Okanagan Centre local to get the date of the annual convention changed from January to March or April, was frustrated. John Kosty, a member of the B.C.F.G.A. executive, pointed out that hotel accommodation was one of the biggest factors, and that it would be almost impossible to obtain sufficient rooms for the delegates if the meeting was held in early spring.

A resolution asking that all workers in packing houses be tested for color blindness, was passed almost unanimously. Submitted by Pentiction, it contended that the ability to distinguish color is of paramount importance to determine the grade of fruit going through packing houses.

Okanagan Mission-Kelowna resolution dealing with fruit advertising, was carried. It asked that fruit advertising be secured and "brought up to date to conform with present day scientific facts."

Peaschland local suggested the employment of additional skilled help to promote the sale of fruit, particularly in western markets. The resolution was passed. Peaschland pointed out that at the present time there are only two part-time retail promotional salesmen in Western Canada.

A resolution dealing with fruit labeling, was also carried. Tenders by Summerland, it contended that the same labels have been used by the packinghouses for the past 13 years, and recommended to the Board of Governors that steps be taken to adopt a series of labels for the whole industry.

Advertising of apricots in Eastern markets was also favored by delegates. Summerland thought that the apricot is virtually unknown in the east as a fresh fruit, and thought that an advertising program would popularize this fruit in the east.

A resolution calling for restricted handling of low grade fruit was defeated by a large majority. Submitted by Naramata, it contended that marketing of poor grades has had a damaging effect on the Okanagan's reputation for good produce, and suggested the sales manager be "empowered to restrict or govern the handling of such grades of fruit in the best interests of the industry."

Another resolution dealing with the requirements on apples, was also endorsed. Pentiction local contended that it is hard to determine the shade of minimum color requirements on red apples for tonst to the Queen. He voiced regret at the absence of Charles A. Hayden through illness, and wished for him a speedy recovery.

Nell Davidson was chairman of a program of entertainment, which, besides the Kiltie Band, included Miss Julia Beckie's Les Compagnons from the Senior High School. Incidental music was provided during the banquet by the Vernon Ladies' Trio, consisting of Mrs. C. W. Gaunt Stevenson, Mrs. Harland Fisher and Mrs. Mary Kolmytski.

**FOUND ALLOCATION**  
PENTICTON—Allocation of \$2,500 for construction of the new city pound was approved by City Council last week.

The mayor, referring to Vernon as "the convention city of the Okanagan... and on behalf of the citizens, I wish for you better fruit; greater co-operation, and more satisfactory returns for your investment and labor."

L. Hugh Shantz, M.L.A.-elect, said grace. Mr. Royce proposed the

101 Radio Bldg. Kelowna, B.C.

## Convention Resolutions

So many resolutions were on the order paper at the 64th annual convention of British Columbia Fruit Growers' Association in Vernon that an evening session was required Thursday to clean up the business. It was close to midnight before the convention wound up its business.

A Kaleden-Okanagan Falls resolution dealing with provincial tax assessments, was defeated. The local contended that in view of the fact re-assessment of farm properties are being surveyed by the province, a committee should be appointed to study the tax department's work in order to protect owners of orchard property before the new assessments are put into effect.

Delegates unanimously passed a resolution dealing with the continuation of the B.C. Natural Products Marketing Act. Any change in present legislation would be strongly condemned, growers maintained.

Owls, hawks, ravens, weasels and coyotes listed as enemies of rodents, should enjoy some form of protection. At least, a resolution from Oyanama took this stand, and it met with the approval of delegates. The preamble stated that orchards have been plagued with rodents, and these birds and animals keep the situation in hand where poison baits have failed.

A lengthy debate took place over the use of potent insecticides. An Oyanama resolution contended that DDT and Parathion have affected the balance of nature, and the local suggested that steps be taken to substitute these insecticides with those designed to control specific pests, doing the least possible harm to beneficial insects and wildlife. It was eventually withdrawn after Dr. James Marshall from the Summerland Experimental Farm told growers what steps are being taken in the research field.

Winfield-Okanagan Centre-Kaleden and Okanagan Falls' locals jointly submitted a resolution dealing with price differentials on peaches and apricots. It was carried. The local pointed out that the sizes of 72 and 78 in peaches are not popular on the markets and called for a change in the system which would (1) create and maintain price differentials for size groupings in peaches, distinct, heavily the small sizes and put a premium on the superior quality and sizes, and (2) create size groupings for apricots with price differentials similar to those suggested for peaches.

Another resolution dealing with the grading of cherries was also approved. Due to winter injury, the industry is now trying to market a disproportionate volume of poor quality No. 2 cherries, it was stated, and the resolution recommended the soft fruit section of the pooling committee that the differential between No. 1's and No. 2's in fresh cherries be increased to the point that the two grades will reflect their relative market value.

Another cherry resolution, from Pentiction, calling for the discontinuance of undesirable grades and sizes for sale on the fresh fruit market, was defeated.

A resolution calling for a change in the minimum size of apricots, submitted by Oliver local, was approved.

Growers went on favoring that some form of investigation be made into the salvaging of soft fruits. The soft fruit marketing problem was a constant cause throughout the convention, and a resolution submitted by Oliver, eventually

fancy and extra fancy apples, and asked that a color chart be printed, indicating the minimum color requirements.

Naramata submitted a resolution dealing with substandard packs and criticized the practices of some packinghouses not packing fruit to the specified grades. The local suggested that when the board of government of B.C. Tree Fruits are aware of such practices, that it act in the strongest possible manner.

The term "Cee Grade" on apples was debated after Vernon submitted a resolution asking for the support of Ontario, Quebec and the name to "Choice Grade," as the former term did not properly describe the contents of the box. The resolution was passed.

The pre-cooling of soft fruits won the support of delegates. Oliver local pointed out that pre-cooling is essential for the proper handling of mature soft fruits and asked packinghouses to pre-cool the produce whenever they deem it necessary.

Sale of soft fruits to canners at "fire-sale" prices provoked a lengthy discussion. Peaschland-Summerland local pointed out that in some years when a large production of soft fruit may find the sales agency at the close of the season with an uncolored quantity of fruit, the canners may be tempted to take advantage of this situation by offering prices for it far below the cost of production. The local added that sale of this fruit will merely have the effect of placing on retailers shelves a large quantity of this fruit which, no doubt, would affect the sale of the following year's crop. The resolution originally called for dumping of fruit instead of selling it at fire-sale prices. The term "dumping" was deleted, but the resolution still failed to carry. It was defeated by a narrow majority.

An Osoyoos resolution dealing with apple pooling was defeated. It contended that the apple pooling by means of the yardstick method, does not reflect the current trends according to law of supply and demand.

Vernon Arena Starts To Show a Profit  
VERNON—The Vernon Civic Arena showed a profit of \$470 during December, Ald. D. D. Harris, the city's representative on the Arena Commission, reported to the City Council. "That's very gratifying," he commented.

Following considerable debate and an explanation as to what the Summerland Experimental Farm is doing in the way of research work, growers went on record increasing the annual grant from \$5,000 to \$6,000 for the year 1953. It was pointed out that increase in salaries to retain skilled technicians was one of the reasons for the increase. Later growers approved a Salmon Arm resolution asking the S.C.F. to accelerate and expand its plant breeding and testing programs to procure hardy varieties of apples suitable for the northern sections of the valley.

The extraordinary resolution submitted by the B.C.F.G.A. on behalf of the planning committee, which called for a change in appointment of convention delegates from various locals, was defeated 50-28. The resolution suggested that each local branch be entitled to one delegate for every 500 acres of orchard planted in fruit trees within the area covered by such local.

The list of complimentary resolutions were passed unanimously. These referred to the press and radio stations; dominion and provincial departments of agriculture; standing and special committees; public works department; B.C. Fruit Board and B.C. Tree Fruits Ltd.; provincial minister of agriculture; dominion-provincial farm labor service and the frost and wind warning service.

## PEPPY WAY TO START THE DAY when you wake up L-O-G-Y

If you often feel "lousy" on getting up—if tired, sluggish feelings drag you down all through the day—an inactive liver with resulting habitual constipation may be the cause. Millions of people who suffer this way find that Kruschen Salts help bring relief from these symptoms. The reason Kruschen is so widely recommended is because it contains active principles similar to those of world-famous Mineral Springs. Kruschen acts two ways—laxative and diuretic. It promotes healthy action of the bowels and the kidneys. You just take a little Kruschen in hot water or your morning beverage, when needed. Try it and you'll rely on it—as so many do—to help you to new pep and zest, by aiding healthy, natural elimination of the body wastes through bowels and kidneys.

## EASTERN STAR OFFICERS ARE INSTALLED

Retiring Worthy Matron Sister Buchanan and Worthy Patron Brother Taylor were presented with gifts for their past year services, at the installation meeting of the Order of the Eastern Star on Wednesday evening last, held at the Masonic Hall.

Installed as Worthy Matron for the new year was Sister Russell and Worthy Patron, Brother Jones. Associate matron, Sister Noton; associate patron, Brother Jones; conductor, Sister Handlen; associate conductor, Sister Justice; secretary, Sister Tellman; treasurer, Sister Walkley; chaplain, Sister Shepherd; marshal, Sister McCuaig; organist, Sister Hewlett; star points, Sisters Rowles, Beasley, Cunningham, Bruce and Wolf; warder, Sister Oatman and sentinel, Brother McKenzie.

Installation officer was Sister Marr.

Following the installation and general meeting, lunch was served to members and guests.

## HEADS ARTHRITIS GROUP

PENTICTON — Andrew Bennie has been named new president of the Pentiction and District Branch of the Canadian Arthritis and Rheumatism Society.

## Glenmore, Winfield Families Joined in January Wedding

### SCARROW-RITCHIE

A candlelight setting of cedar boughs and white chrysanthemums provided the background for the marriage of Barbara Ritchie and Hubert Scarrow, on Saturday evening, January 10, at the home of the bride's parents, Mr. and Mrs. Andrew Ritchie of Glenmore. The groom's parents are Mr. and Mrs. W. H. Scarrow of Winfield.

Rev. D. M. Perley solemnized the rites. The radiant bride, given in marriage by her uncle, Mr. Robert Ritchie, chose a full-length gown of beaming sheer with a shirred waistline and long sleeves. Her fingertip veil was held by a tiara of orange blossoms and she carried a bouquet of red roses.

Maid of honor, Miss Janet Kearns of Seattle, the bride's cousin, was gown in aqua taffeta and in her hair she wore a matching floral bandeau. White baby 'mums and pink carnations formed her bouquet.

Mary Margaret Ritchie, small cousin of the bride, was flower girl in rose pink taffeta. In her hair she wore white baby 'mums with pink ribbons to match her bouquet of mums, centered by a pink carnation.

Groomsmen were Mr. Andrew Cook.

For the occasion, the bride's mother chose a frock of navy blue crepe with white carnations on corsage. The groom's mother, clad in silver grey, also wore a corsage of white carnations.

Mr. Melville Marshall proposed the toast to the bride to which the groom responded.

The groomsmen toasted the bride's attendants and also read congratulatory telegrams.

Sprigs of heather dotted the tulle encircling the three-tiered cake centering the bride's table, which was decorated by the bride's uncle.

Presiding at urns were Mrs. D. Whitham and Mrs. Laing, while serving the guests were Miss Margaret Ritchie, Miss Bessie Gordon, Miss Jean Ritchie, Mrs. Frank Yoe-man and Mrs. Eric Brown.

For the honeymoon to points south, the bride donned a silk frock of red which she topped with a fur coat. Her accessories were also red. Upon their return, the newlyweds will make their home in Winfield.

to stay for a short time with her daughter and son-in-law, Mr. and Mrs. Brian Jones, and Mrs. Simpson will also spend a week in Vancouver, where her husband is a patient in the Vancouver General Hospital.

Mrs. F. W. Clarke returned home last week from Victoria where she was the guest over the holidays of Miss J. Connel.

Mr. and Mrs. O. Anderson returned home January 10 from a three weeks motor trip which took them south to California.

Mrs. F. W. Clarke, accompanied by O. Anderson, chairman of Westbank Local BCFGA, to Vernon, on Tuesday of last week to be present at the BCFGA convention as delegates.

## Club Notes

### LEGION AUXILIARY

The Ladies' Auxiliary to the Canadian Legion, Branch 26, will hold its general monthly meeting in the Legion hall tonight at 8:00 p.m.

**JUNIOR HOSPITAL AUXILIARY**  
The Junior Hospital Auxiliary will hold its first meeting of the new year tonight at the home of Mrs. Fred Baines, 1912 Pendolzi Street, at 8:00 p.m. Large attendance of all active members is requested. Money from sale of calendars to be turned in.

### LISTENING GROUP

The Listening Group will meet at the home of Mrs. H. G. Gardner, 732 Sutherland Avenue, tonight at 8:00 p.m.

### P.T.A. MEETING

The Jr.-Sr. P.T.A. holds its first meeting of the new term Tuesday, January 20, at 8:00 p.m. in the Jr. high school library. A film, "Good-bye to Childhood," will be shown.

### KIWASSAS

The Kiwassas will meet Monday, January 20, at the home of Mrs. George Yochim, at 8:30 p.m.

**REGISTERED NURSES' ASSOCIATION**  
The Registered Nurses' Association will hold its annual meeting on Tuesday, January 27, at the home of Mrs. H. M. Trueman, 351 Glenwood Avenue, at 8:00 p.m. Large attendance is requested.

**RUMMAGE SALE**  
The Jessie Findlay Circle of First Baptist Church will hold a rummage sale on Saturday, February 7, at 2:30 p.m. in the Orange Hall.

## First Good Citizenship Award Presentation Made in Theatre

Kelowna's first Good Citizenship award, to be presented annually by the Soroptimist Club of Kelowna, was presented Thursday night to Mrs. H. W. Arbuckle, by Mayor J. J. Ladd, at the Paramount Theatre.

In presenting the award, the Mayor expressed his appreciation on behalf of the city for the innumerable services rendered by Mrs. Arbuckle to Kelowna in the past 40 years as expressed in his hope that the good citizen would be active for many more years to come. Mrs. Arbuckle received a shield from the Soroptimist Club and a silver pin inscribed "Good Citizen, 1952."

As a token of appreciation for her many years work with the Girl Guide Association, Mrs. Arbuckle was gifted with a corsage by Marjorie Mussatto, representing the First Guide company, and Nadine Holton of the second company.

**CONGRATULATORY MESSAGES**  
Mrs. Maizie Clark of Soroptimist International read telegrams and letters of good wishes. Congratulations of Soroptimist Club of Kelowna were extended by the president, Mrs. J. H. Trenwith.

Honored by the award, Mrs. Arbuckle said: "I never expected gratitude such as this from my fellow citizens. I want to thank you. The various service clubs, church organizations, and other societies have done a great deal to develop the city and as a result, we have many sports centers, playgrounds and clubs for our amusement."

Turning to her latest endeavors, Mrs. Arbuckle continued: "Now it is time to turn to the cultural development. As a member of the Kelowna Arts Council, I would ask your support in their activities for

there comes a time in our lives when we can no longer participate in sports and we must have something else to stimulate our interests. We must work for harmony."

## HEALTH HINT

## DON'T OVERDRESS BABIES—THEY'RE NATURAL NUDISTS

Kicking around without clothes, uninhibited and carefree, babies may be the picture of contentment, until they learn about civilization and cold weather. Breaking them in to grown-up ways comes early, so here are some tips for the guidance of the newborn's nearest relatives.

Don't overdress the baby. Keeping a child too warm is apt to make him cross and uncomfortable. It may cause him to lose his appetite and affect his ability to adjust himself to temperature changes.

Tight clothing is not recommended for infants either indoors or out. Besides its tendency to restrict circulation and thus make it harder to keep warm, restriction of movement may bring with it psychological reactions as well.

**COLOR OF CHEEKS**  
Glowing pink is the right color for a baby's cheeks. If he loses his natural color it may be a result of his feeling cold; and if his face becomes flushed when he's lying outside in cooler weather it is well to bring him in and check up. Flushed cheeks can be a sign of trouble.

Remember the individual needs

of no two youngsters should be expected to be identical, and this applies to clothing just as it does to other parts of living. Every child should be dressed according to his or her own needs, and not according to what the neighbor's baby has on or what a mother-in-law or fussing aunt may think.

## NEW USE FOR OSTRICH FEATHERS

Newest material for dusters is ostrich floss. These dusters, made by a U.K. firm, are used for cleaning cars—they will not scratch the finest cellulose surface. They will be shown at the Coronation British Industries Fair.

## Fraser To Fill Spot Of Injured Durban

IT'S true that somebody's loss is usually someone else's gain. The broken arm suffered by Mike Durban means a break for Don Fraser and a chance to prove himself. He was out on the line with Harvey Stein and Phil Hergeshimer Saturday night and that's a spot he'll likely hold for the balance of the season.

Coach Hergeshimer confirmed this today. "I've got to keep my other two lines intact," he said. Only one line was intact Saturday, but the Packers still were good enough to take the Vernon Canadians into camp by an 8-4 score, largely on the strength of a five-goal-outburst in the first period. For the first time this season the "Phantom" had five defencemen in the game with Howie Amundrud converted to right wing on the line with his brother, Kenny, and with Jim Middleton in the place of injured Frank Hoskins.

**MACKEY BACK OUT**

Defenceman Dunc McLennan didn't spend too much time on the ice, however, still recovering from an injury. Vernon's defence was below par, what with Tom Steacy off with a sore back and Dave Mackay trying to fill the spot with his first game in two months.

Herg was in a jubilant mood throughout, owing to the strength shown even with two of his regulars missing. Jack Gibson was torrid in the nets again, keeping the Vernon team scoreless until the 4:04 minute mark of the second period, giving him a record of 84 minutes without conceding a goal.

The goal that broke the shutout streak was a heart-breaker. Gibson had blocked everything that came in a direct line, but in a scramble to dislodge him in the time left in the game, he was deflected into the rigging.

Vernon's last goal also was of a similar variety, the puck changing course at the last second after hitting Frank Kuly's stick and streaking in between Gibson's skates.

As a result of week-end action, Kamloops Elks are solidly entrenched in first place and unless some catastrophe overtakes Paul Thompson's outfit and they hit the skids, it's going to take some doing to dislodge them in the time left in the league schedule. Kamloops has 13 games left to play before the schedule ends February 24.

Packers are enjoying their biggest lead of the season over Penticton (four points) and they can extend it still further should they win their Tuesday and Wednesday outings. They play in Vernon Tuesday (at 8:30 p.m.) and here Wednesday against the Elks, starting at 8 p.m.

These are the only games scheduled until Friday.

## ELK MACHINE PULVERIZES PENTICTON

Kamloops 9, Penticton 3 (Special to The Kelowna Courier)

PENTICTON — Forward lines clicking like a machine, a solid wall defence and a sensational performance by Hal Gordon between the pipes resulted in a one-sided 9-3 victory for the Kamloops Elks over the slumping Penticton V's here Friday night. Elks rolled to a 6-0 lead before Jim Fleming put the homesters on the score sheet midway through the game.

Andy Clovechok picked up a hat-trick and three assists while Jack Smith also banged in a triple. Norm Larson collected two goals and two assists and Johnny Millard was good for a single and four helpers.

Grant Warwick and Bill Warwick scored the other Penticton goals, both helping each other to gain two points for the night.

Shots on goal were: Kamloops 20, Penticton 27.

First period—1, Kamloops, Millard (Clovechok) 3:00; 2, Kamloops Clovechok (Larson, Millard) 10:32; 3, Kamloops, Larson (Clovechok, Kotanen) 12:45; 4, Kamloops Larson (Millard) 17:18. Penalties: Schmidt, Millard, Terry, Berry.

Second period—3, Kamloops, Clovechok (McDougald) 3:30; 6, Kamloops, Smith (Millard, Kotanen) 12:17; 7, Penticton, Fleming (Defelice) 12:40. Penalties: McAvo (2), Taggart.

Third period—8, Kamloops, Smith (Carlson, Hergeshimer) 1:50; 9, Kamloops, Clovechok (Larson, Terry) 4:35; 10, Penticton, B. Warwick (G. Warwick, D. Warwick) 10:30; 11, Penticton, G. Warwick (B. Warwick, McAvo) 10:50; 12, Kamloops, Smith (Clovechok, Millard) 18:47. Penalties: Defelice, Kotanen, Smith.

## MIDGETS PLAY TIGHT HOCKEY

ELKS 4, GRIZZLIES 3

BEAVERS 3, TIGERS 3

Tight contests again were the order in a double-billed midget hockey fixture Thursday night. One game was decided by one goal; the other in a tie.

Matilda's second goal was the margin of victory as the Elks edged Legion Grizzlies 4-3. Glen Delcourt got the other two goals for the winners. Poltras notched a pair for the Grizzlies with Kabayna getting one in between.

Beavers had to come from behind with a third-period tally to gain a 3-all sawoff with the Tigers. McGladery counted the Beavers' last two goals, Bourke getting the first. Both players ended with three points, figuring in all three goals.

Matilda, Tanemura and Turner were the Tiger snipers.

**RANGERS YOUNGEST**

New York Rangers, youngest team in the NHL this season, naturally have the fewest experienced players.

## STUDENTS LOSE AT PENTICTON

Kelowna High School cagers suffered a double defeat at the hands of Penticton High at Penticton Jan. 10.

The Golden Owls went down valiantly, set back 46-35 by the Lakers. The Lakettes doubled the score on the Golden Owlettes, prancing off the floor with a 23-12 victory.

**OWLETTES**—MacKenzie, Underhill 2, Fleck, Ghezzi 8, James, Lansdown, Walker, Drake 2, Lipsett, King. Total—42.

**LAKETTES**—Dennis 13, Lambert 2, Hines 9, Farnley 4, MacLachlan, Vaseleto, Gordon, Nagle, Colishan, Campbell. Total—25.

**OWLS**—Tait 1, Bennett, Scantland, Butcher 8, MacKenzie, Serwa 9, McNaughton 6, Greenaway, Wiens 12, Smeeth. Total—36.

**LAKERS**—Hanson 15, O'Connell, Puckett 2, May 4, Ewensfield, Friend 6, Macdonald 5, Castron 4. Total—48.

## Elks Hand V's Second Defeat In Two Nights

PENTICTON 3, KAMLOOPS 4 (Special to The Kelowna Courier)

KAMLOOPS — Kamloops Elks stepped into the Penticton V's for a 4-3 win and their second in as many nights over the crew of Bill Carse. The loss was Penticton's third in a row.

Elks jumped to a 2-1 edge in the first period and scored the only goal of the second period. John Millard with his second goal of the night made it 4-1 early in the third but continued pressure by the V's whittled the lead by two goals before time ran out.

Millard was top man for the night with three points, giving him a total of nine for the two games against the Vees. Jack McIntyre was high for the losers with a goal and an assist.

**EVANS, McAVOY FIGHT**

Buddy Evans, who usually never says boo to anybody, was like a bantam rooster as he got peeved at the antics of George McAvo and sallied into the Penticton defence man with fists and stick flying.

After the two were separated, with McAvo apparently getting the worst of things, they sidled back toward each other and were at it again.

Evans was given five minutes for fighting while McAvo was sentenced to two minutes for interference and a major for fighting.

First period—1, Kamloops, Millard (Clovechok, Kotanen) 1:40; 2, Kamloops, Clovechok (Millard, Kotanen) 2:39; 3, Penticton, McIntyre (Kilburn) 6:57. Penalties—Fleming, Schmidt, McAvo.

Second period—4, Kamloops, Smith (Kotanen, Taggart) 12:37. Penalties—Brown, Defelice (misconduct).

Third period—5, Kamloops, Millard 1:02; 6, Penticton, Defelice (Schmidt, McIntyre) 11:12; 7, Penticton, G. Warwick (B. Warwick, D. Warwick) 19:30. Penalties—Evans (major), McAvo (minor and major).

**HOOP DECREE**

**PROVINCIAL "B" SEMI-FINALS TO BE IN INTERIOR**

PENTICTON—The Interior will get its share of the senior B men's basketball playoffs.

At a special meeting of the B.C. Amateur Basketball Association held in Vancouver the hoop officials arranged the B.C. playoffs in the various divisions.

The meeting was presided over by Penticton's Andy Bennie, vice-president of the B.C. body, and was also attended by Howard Thornton, president of the Interior hoop organization from Vernon.

Bennie reported that, in the men's senior B division, the Interior winner will host the Kootenay winner and the victor in this series will play host to the winner of the Vancouver Island-Mainland series.

The winner of this latter series will travel to Prince Rupert to play off for the B.C. title.

As far as the men's Interlop playoffs are concerned, nothing has been released by league manager Wally Janicki at Vernon, but it is understood that the bottom team in the five team loop will be dropped and the other four teams will tangle in the semi-finals.

According to word received here this week from women's league manager Alec Whitecross at Vernon, all four girls' teams—Penticton, Kamloops, Vernon and Kelowna—will be in the playoffs with the first and third and the second and fourth place teams playing off.

**ALL-STARS EDGE RUTLAND ROVERS**

PENTICTON—An all-star Commercial Hockey League team eeked out a 6-5 overtime decision over Rutland Rovers in an exhibition (intermediate) hockey game here Jan. 10.

Down 4-1 until late in the second period, Rovers fought back to

Besom and Slane

Willis; Bebb vs. Pope.

**MAJOR OIL COMPANY HAS** modern service station for lease on highway basis. Phone 3017 for further details. 36-1tc

## NOTICES

**POUND NOTICE** NOTICE IS HEREBY GIVEN that the following animals have been impounded and if not claimed by 5:00 p.m. Wednesday, January 21, 1953, will be disposed of:—

1 blonde Cocker, female, 3 mos. old.  
1 brown spayed female mongrel.  
1 black and white Springer Spaniel male. Long tail.  
1 black and tan cross Alaskan and Airedale, female, 5 mos. old.

C. P. ETON, Poundkeeper, 837 Stockwell Ave. Phone 3199 Kelowna, B.C. Dated January 19, 1953. 46-1c

**CANADIANS TO ATTEND "CORONATION COURSE"** Two Canadians are among those who will attend a special British Council course on Commonwealth studies being held at Oxford next June to mark Coronation year. They are Professor J. A. Gibson, professor of history and dean of the Faculty of Arts and Science at Carleton College, Ottawa, and C. W. Lightbody, assistant professor of history at the University of Saskatchewan.

**ADVENTISTS NAME YEAR'S OFFICERS** WINFIELD—Yearly offerings of the Winfield Seventh Day Adventist Church amounted to \$9,768.99 in 1952. The church is holding its annual business meeting at the annual business meeting held at the hotel. Treasurer Mrs. Donald Ritchey reported also that \$1,575 of this was used for welfare and missionary activities.

Church officers elected to serve for the year to assist the pastor, Elder George M. MacLean, are: Lawrence O. Toftner and Herbert Reimche, elders; Mrs. David Toews, church clerk; Mrs. Donald Ritchey, treasurer; Fred Woodley, Delmer Reimche, Dan Reimche, Peter Wolke, Reimche and Ernest A. Light, deacons; Mrs. Peter Reimche, Mrs. Fred Woodley, Mrs. Wesley Sander and Mrs. Dan Reimche, deaconesses; Isaac Siebel, chorister, and Mrs. Ann Samchenko, organist.

**SQUADRON ORDERS** By Major D. G. Balasille, ED Officer Commanding THE BRITISH COLUMBIA DRAGOONS (9th Recon Regt.) Last Order No. 1. This Order No. 2, Jan. 14, 1953.

**DUTIES:**—Orderly Officer for the week ending 24th February, 1953: O/C A. E. O'Connell. Next for duty: O/C J. R. F. Abraham.

**TRAINING PROGRAM:**—Tuesday, 20th January, 1953, 1930 hrs. Recruits and Instructor. Wednesday, 21st January, 1953, 1930 hrs. All ranks.

**DRESS:**—Battle dress, boots and anklets, berets, greatcoats when necessary. Braces will be polished.

**RECRUITING:** Squadron Orderly Room will be open every Tuesday and Wednesday evening from 1930 hrs. to 2100 hrs. for recruiting for the Reserve Force.

More About  
**1 TIME MELLOWS**

(From Page 1, Col. 5)  
in view of the current carnage.

As the outcome of the contest was never in doubt and the Penticton team was soundly beaten, there can be no charge of "sour grapes" brought against the Kelowna fans.

Firstly, know that the vast majority of Packer Backers want to see clean, fast hockey, with fans to none, and I believe the Penticton fans must feel likewise. They do not want to see "lights, injuries, dirty play, arguments with referees, poor sportsmanship and all the excellent exhibition of hockey last night."

**NOT ALL MISCHANCE** Secondly, it must have been obvious to any spectator that the number of injuries sustained by the Packers could not have been all due to the referees. The referees were endeavoring to compensate for gangster tactics for what they lacked in skill. And that's putting it mildly!

Thirdly, whilst the refereeing appeared fair in the earlier part of the match, it became apparent, particularly in the last period, that the referees were either just plain scared to enforce the rules or were utterly incompetent to do so. They also appeared to be completely callous. Just before the closing bell I watched Neilson, who had seen Harvey Stein get his head bashed against the boards and was lying on the ice, look him over and then skate away without even blowing his whistle.

Fourthly, where was the head referee? If he was present, why didn't he take some action? If he wasn't, why wasn't he? Is he not paid to supervise the refereeing? So much for criticism, although there is scope for plenty more.

**PAY 5c MORE** I believe the Packers Backers have become very fond of their team, taking pride in their individual improvements and successes and sympathizing with their first and setbacks. They do not want to see them injured. Last night's effort left me and many others with a nasty feeling that our ticket money was financing a "Roman holiday."

We all cheerfully and hopefully fork out an extra dime for a program and a chance at the prize of the evening. If the league as a whole, and Kelowna in particular, cannot afford to hire competent referees, why not add just five cents to the price of the program and hire them? Five cents, on say 1,500 programs, would bring in \$750.00. Surely enough to insure that in Kelowna anyway, we would have competent, disinterested referees to guarantee a fair, clean game of hockey.

Signed, M. J. EVANS.

**MORAL RESPONSIBILITY** The Editor, Kelowna Courier.

Dear Sir,—Congratulations to the Kelowna Courier for not mincing words over the hockey massacre of last night. The V's deserved every word of it—and more!

But why stop short of discussing the refereeing? Used may be incompetent, as is the consensus of the fans, but that is not Neilson's reputation. Why, therefore, we would like to know, did Mr. Neilson start out by refereeing the first period reasonably well, slacken off in the second and cease to referee entirely in the third? A vast number of fans would like an answer to that question. It seems to us that something smells!

I am not saying the referees caused the vicious, brutal playing of the V's—but certainly reasonably decent refereeing could have stopped it. And a lot of other fans feel that those two men are just as morally responsible as the Penticton players for the injuries to our men. I understand there is a head referee. Was he present? If not,

why not? If so, why didn't he intercede?

What we, the fans, want to know is, what is going to be done about it? Are the V's going to be allowed to behave like that and go unscathed? Are those two referees going to be paid for their disgraceful performance? If the OSHL wants to continue having hockey fans to support the league, they had better see that something is done—and something more than a gentle reprimand before we all turn away in disgust.

We want to see clean, fast hockey even a little rough perhaps, with fair, impartial refereeing, but not a Roman spectacle.

A VERY ANGRY FAN.  
Jan. 15, 1953. (Flora M. Evans)

**QUIET AT WORK BUT THEY GET THINGS DONE**

WESTBANK—Members of the cemetery board at Westbank, comprising R. J. Lynn as chairman, J. W. Hannan and secretary C. J. Tolhurst, work so quietly at their task that little is known of their activities. The latest proposal of the group, who have so little in the way of finances with which to carry on, is to gravel the ten-foot driveway extending from east to west throughout the grounds, and to join this up with the roadway recently opened by changing the main gate to the north west corner of the grounds.

This enables cars to enter the cemetery from the top of the hill, whose grade has been so improved in recent years, and recently has been newly gravelled, and thence to drive through and out by the former main gate at the eastern side of the cemetery, thus eliminating any blocking of traffic at the time of funerals.

Another excellent piece of work done by board members last fall was the marking of each plot with metal markers, permanently numbered, so that anyone wishing to find a certain grave may do so by obtaining the number from the board, and comparing it with the corresponding number on the marker. The painting and setting in concrete of these markers makes easily available to all interested the location of any plot at a moment's notice.

**BRIGADE DRIVES FOR FUNDS FOR 1953 EXPENSES**

WESTBANK—The local volunteer fire brigade has raised some much-needed funds in recent weeks as the result of their holiday tour and successful New Year's Eve dance held in the Community Hall, and by bingo games held on two occasions in the Community Hall. These were held before Christmas, when many players were successful in winning their holiday tour and other fowl, and incidentally helping a fund to provide money for a cause of which Westbankers are becoming more and more appreciative.

At present, members of the volunteer fire brigade with Paul Brown at their head, are conducting a drive throughout the entire district for contributions that will enable the brigade to carry on for another year. Canvassers are carrying with them a petition to which they hope to have the signature of each household, should he or she be in favor of the Westbank area being formed into a Fire Protection District.

A sufficient number of signatures will signify the willingness of those signing to have the required amount of money for the upkeep of the volunteers fire brigade added to their taxes, thus eliminating in future the necessity of continual drives for needed contributions.

Those with cause for gratitude that Westbank possesses a chemical truck and volunteer brigade members are at the scene of a fire within minutes of its report, are 100 per cent behind this objective, while those who are in the fortunate position of not having required such assistance, take comfort in the thought that the men and the machine are ready to render help in the putting out of fires at a moment's notice.

## Under the Tower At Ottawa

By O. L. JONES, M.P.

The opening day of Parliament after the Christmas recess was given over to the private members, or those private members who had placed resolutions on the order paper last year. The first of these, sponsored by Stanley Knowles of Winnipeg, was to this effect: that the government should give consideration to the advisability of introducing legislation amending the Income Tax Act, or to the effect of the 4 per cent limitation from the section which makes provision for the deductibility of medical expenses for income purposes. Mr. Knowles sponsored a similar resolution last year, and, strangely enough, it was carried unanimously. In spite of this, the minister of finance, Mr. Abbott, did not pay heed to this demand in his budget later on. This year, after Mr. Knowles had presented a very able case why this exemption should be given, Mr. Abbott promptly followed and proceeded to wind up the debate by moving its adjournment, which, to many of us, was a very undemocratic procedure, as it barred all other speakers from expressing their opinion. Presumably, Mr. Abbott knew that an excellent case could be made for the resolution, and, as usual, when the vote was taken, the Liberal majority carried the day.

However, Mr. Knowles presented a well-reasoned argument for allowing all medical expenses to be deducted for income purposes. If not now, at some later date, the government will be forced to pay heed to this national demand, as the people who are hurt the most are those in the lower income groups who have to bear the high cost of ill health in their family.

**NATIONAL POLICY.** The next private resolution was introduced by Mr. H. W. Herridge, Kootenay West, asking the government to consider the advisability of calling a Dominion-Provincial conference on conservation, with a view to the establishment of a national policy on soil, forest and water conservation and land use in Canada. Mr. Herridge took a dig at the government when he opened his remarks in these words: "I hope no member of the cabinet will rise and use the government majority to forestall further debate as was done on the previous resolution."

Mr. Herridge outlined the need for conservation by giving concrete facts dealing with the present lack of a proper policy. He advocated a long-term conservation program to be inaugurated immediately before any more of our natural resources are lost through erosion, neglect, fire or other causes. He pointed out that if the banks of the Columbia River overflow and damage property in the city of Trail, that city would have recourse only to the provincial government. This par-

allels the case of Penticton with their river banks problem. This bill, on over to the private members, would have both provincial and federal government co-operate and develop a suitable plan and responsibility whereby cities such as Penticton with a river bank problem could make direct application for assistance. This resolution received general support by members of all parties, including the prime minister. With the qualified support given by the prime minister, I feel that Mr. Herridge's resolution stands an excellent chance of bearing fruit in the near future, but, in this case, the sittings ended before the vote was taken.

Some of the questions asked the first day were interesting. The government was asked to table a report on the Saskatchewan River dam project. The prime minister pointed out that it would not be ready for presentation until next week, when Mr. Diefenbaker enquired of the prime minister how it became possible for Time magazine to have full knowledge of that report. The only answer the prime minister could give was that this is not the only instance where leaks have taken place.

The prime minister also announced that a site has been chosen for the national library and an architect to prepare plans for it.

### RADIO FEES

The minister of national revenue revealed that they have not reached any decision regarding the abolition of the radio fee.

Mr. Claxton, minister of national defence, spoke at length explaining away the Currie Report. He emphasized the trivial and slurred over the larger issues involved, and endeavored to deflect attention from the report by creating a major issue on how the CCF group obtained the original copy, which has since been altered. So anxious is the government to find out how this report reached Mr. J. Coldwell, that a special group of R.C.M.P. are working hard to find out the individuals responsible. From my point of view, it does not matter how this report reached the CCF. The main fact is that such a report existed and was changed by members of the department under investigation. The Progressive Conservative party moved an amendment asking that Mr. Currie continue his investigation into other camps and departments of National Defence. We in the CCF readily agreed with this, as the present report deals only with one or two camps and items, and Mr. Currie, in his report, indicated that several thousand other items could be investigated.

The publishing of this report has already produced good effect by tightening up discipline and security in the Armed Forces.

## Scientists at Chalk River Take Precautions

### LETTER OF LAW NOT FOLLOWED BY ALDERMAN

VERNON—Tenders called for by members of the City Council, or city hall officials on instructions of the council, in future must be opened only during public session of the council, Mayor A. C. Wilded has decreed.

The mayor was commenting on the action of water and fire chairman Ald. Jack Monk, who earlier had received ratification from the council on his decision to purchase more than 1,000 feet of copper pipe from a low bidder.

The mayor said Ald. Monk had opened the tenders himself, an action which was illegal according to the strict letter of municipal procedure.

Ald. Monk's defence was that he had been given "power to act." Similar power, again given to Ald. Monk earlier in the evening, was then withdrawn, and tenders will henceforward be opened only in the council chamber when mayor and aldermen are conducting public business.

Wrought iron can be kept in good condition by rubbing over it occasionally with kerosene or a light oil.

SCIENTISTS at Canada's Chalk River atom plant work on matter they never see and have to protect themselves against "bullets" they cannot feel. The radioactive materials, such as cobalt 60 produced for cancer treatment, are handled by remote control by use of mirrors, as shown here, metal claws and other gadgets. The radiation from the fission products are the invisible bullets which can cause death. No one at Chalk River has suffered radiation burns due to the elaborate precautions taken.

THE DESTRUCTIVE POWER of the atom, as demonstrated by this A-bomb explosion, advanced at Canada's Chalk River project. There research is devoted to purely peaceful adaptation of the atom-splitting principles. In this respect Chalk River leads all the world's known nuclear fission stations, says Dr. W. B. Lewis, the plants research chief. The experiments there, according to Dr. Solandt, head of Canada's defence research board, did play a part in the production of Britain's A-bomb development.

### CANADIAN FARM ASS'N MEETS IN B.C. FIRST TIME

TORONTO — Rapidly changing economic conditions in Canada's dairy industry during the past year have given rise to new factors which will be under consideration when Dairy Farmers of Canada holds its annual meeting in Vancouver, January 20-24. Representatives of Canada's 400,000 dairy farmers, meeting for the first time in British Columbia, will discuss problems that range from vegetable oil to advertising.

Recognized domestic and international authorities on dairy problems are among those who have been chosen to address the sessions. Dr. H. A. Bendixen of Washington State College, will speak on "The Use of Vegetable Oils and Its Effect on the Dairy Industry in United States." Dr. Bendixen has been at Washington State for 25 years and is professor in charge of dairy manufacturing.

Dean B. A. Eagles, University of British Columbia, will deal with the study of solids-not-fat and butterfat in milk. Dr. H. A. Derby, chief, dairy products marketing and merchandising services, Canadian Department of Agriculture, will discuss the trends in the industry. Other speakers to be heard are: Hon. W. H. Kiernan, Minister of Agriculture, British Columbia; Dr. Norman McKenzie, president, University of British Columbia; and Reginald Rose, secretary of Vancouver Board of Trade, who will be the guest speaker at the annual banquet.

### PLAN RENOVATIONS

Renovations to the Tourist Bureau in the Kelowna Board of Trade building are expected to be made this year. A committee, comprised of W. Buss, R. F. Parkinson and T. R. Hill is studying the matter.

THIS IS Chalk River's 14-ton De Graff generator which hurls high velocity particles to alter the structure of the atom. It is one of the largest of its kind in the world.

Twelve Apostles Islands are a group of islands on the south side of Lake Superior.

For further complete information listen to our 10-minute broadcasts over CKOV commencing Saturday, 5:45 p.m., Jan. 17; Wed., Jan. 21st; 5:45 p.m., Mon. afternoon, Jan. 26th, 3:25 p.m.

## PARTY 'WHIP'

## Christmas Trade in B.C. Well Above 1951 Figures

Hon. Ralph Chetwynd, minister of trade and industry, Victoria, announced that preliminary reports from department stores indicate that the 1952 Christmas trade exceeded 1951's by a healthy margin. Buying in department stores had been running 10% to 15% higher in 1952 for the months of September, October and November than a year ago and it is expected that a similar increase prevailed during December.

Retail sales figures for all kinds of businesses are available up to the end of October. Sales for the month totalled \$104,218,000 or 11.2 percent higher than during October 1951. Appliance and radio dealers experienced the greatest percentage increase, with gains of 37.7 percent above October, 1951. Furniture sales also climbed 29.3 percent higher than during the same month of 1951. Both these types of stores had particularly low sales a year ago which accounts in part for the large percentage.

### CAR SALES INCREASE

Motor vehicle dealers had heavy sales during October with a total value of sales 28.4 percent greater than a year ago. New motor vehicle sales of passenger cars numbered 2,124, while sales of commercial vehicles numbered 660, representing a 96.1 percent increase in passenger car sales and a 14.8 percent decrease in commercial vehicle sales over the corresponding sales in October, 1951. The amount of financing required was \$1,580,231 for passenger cars, or 167.1 percent higher than in October, 1951. The amount of financing required for new commercial vehicle sales was \$710,605, or nine percent above October, 1951.

The minister noted that employment remained very satisfactory in construction during October and November, with mild weather permitting continuation of work much later into the year as normally the case. Seasonal layoffs have been common since that date. Residential housing has been maintained at fairly active levels with a total of 5,754 dwelling units still under construction as at October 1st.

### CANNED SALMON DOWN

Building permits slightly in excess of \$7 million were taken out in incorporated centres during November. The largest permit issued during the month was for a hospital at Creston with a permit valued at \$360,000. Other large permits included a new store in Victoria—\$250,000; a new school at Prince George—\$255,000; and school construction in Vancouver \$353,000. Permits were also issued for three apartments in Vancouver and one in West Vancouver with a combined value of over half a million dollars.

Figures released on the canned salmon pack for the past season show a total of 1,286,468 cases. This represents a drop of 34.2 percent in volume over 1951. The number of cases packed in previous years was as follows: 1951—1,955,475; 1950—

1,482,560; 1949—1,433,723; 1948—1,308,137; 1947—1,504,714.

### BLAZING TRAIL

## HISTORIC CARGO EN ROUTE WEST FROM HALIFAX

Patients in Vancouver's Shaughnessy Military Hospital will eat Nova Scotia lobster next week as part of a demonstration of a new high-speed transport service between Canada's East and West Coasts. The lobsters, which will feed 750 of the hospitalized veterans, are being supplied by a trucking company which this week launched Canada's first coast-to-coast highway freight service.

The tasty East Coast lobsters—a delicacy in Vancouver—will travel in big refrigerated tractor trailers which will take only 7 1/2 days to cover the 4,200 road miles between Halifax and the West Coast. Only scheduled hour-long stops in Toronto where part of the Halifax load will be taken off for local delivery and the lobsters, along with other west-bound cargo, transferred to a "second" refrigerated tractor-trailer unit for the remainder of the journey.

Departure from Halifax was at 4:00 p.m. Monday, and delivery time at Vancouver is scheduled for 9:00 a.m. next Tuesday, Jan. 20.

The company operating the new service is Associated Freight Lines, with headquarters in Toronto. The Toronto-Vancouver section of the haul is in conjunction with Amalgamated Motor Trucks Ltd., Edmonton.

### NEW VENTURE

Trans-continental trucking is a comparatively new venture in Canada. Prior to 1950 there were no regularly scheduled truck services between Central Canada and the East or West Coasts. However, following experience during the 1950 rail strike, a few small pioneer companies launched services between Ontario and the west and this type of hauling has now mushroomed into big business. The new service through service between Halifax and Vancouver now completes the East-West link.

Over each of the several sections of the run two drivers will take turns at the wheel to keep the big rigs rolling. The trucks are fitted with "sleeper cabs" in which the driver off duty is able to bed down comfortably.

A large part of the run between Toronto and the West will be over U.S. highways—an arrangement made possible by reciprocal agreements between the U.S. border states and Canadian provinces. But according to D. A. Freeman, general manager of Associated Freight Lines, the service will switch to an all-Canadian route when the west-

Specialized Written for The Courier By ALAN DONNELLY Canadian Press Staff Writer

OTTAWA—Canada's carefully-guarded atomic centre at Chalk River, Ont., 130 miles northwest of here, was visited last week by a group of reporters.

They found its heart—the world's most powerful atomic reactor—still out of order and leaking dangerously a month after a break had developed in the aluminum sheathing around one of the 176 rods of uranium "fuel" inside its thick concrete jacket.

The reactor will be out of order for months—the first major breakdown in its five years of turning out radio-active isotopes for peacetime use, including the famous anti-cancer Cobalt 60.

But scientists think they can nurse the giant back to a more powerful state than ever. In the meantime they have put more urgency into construction of a new \$30,000,000 reactor whose capabilities will be far beyond those of the ailing one.

The foundations for the new reactor have been blasted into the rock, and the target date for its completion is sometime next year. Another project—still in the planning stage—is a power plant which will put atomic energy to everyday work. The first plant may

be a section of the Trans-Canada highway is complete, probably sometime in 1956.

exist in Canada within five years, but the prevailing thought among Chalk River scientists is that it will be at least 15 years before atomic energy becomes a major power factor in Canada.

These new projects, however, are expected to keep Canada in the forefront in application of the atom to peacetime uses.

### AFFECTS CANCER VICTIMS

The breakdown of the present reactor will vitally affect cancer sufferers who are looking forward to a more widespread availability of the Cobalt 60 bomb—the powerful new weapon for fighting cancer.

The heart of the bomb, Cobalt 60, is produced by impregnating ordinary cobalt with radioactively released inside the atomic furnace in a steady, controlled stream.

Until the furnace is repaired, no more Cobalt 60 will be produced, and scientists expect this will take many months.

Atomic Energy of Canada, the crown-owned company which runs Chalk River, has received scores of orders for cobalt bombs. Four of them have been placed in hospitals to date and more are scheduled. A new model of the cobalt bomb has been designed, and so keen is the demand that six have been ordered, sight unseen, by hospitals in Canada, the United States and Britain.

It takes about one year to cook the cobalt in the reactor and it lasts 5 1/2 years before it loses half its strength.

A small stock has been built-up, augmented by half-cooked cobalt rescued after the reactor broke down. By using twice the normal amount of this half-cooked Cobalt 60, a few more anti-cancer bombs can be supplied but there is a long list of applicants.

### RESEARCH CONTINUES

Dr. C. J. MacKenzie, head of the Chalk River project, said the reactor could be out of action a year without seriously affecting the re-

search work carried on in the 100-acre site. There are stockpiles of its products—radio-isotopes, plutonium and other things.

The reporters saw how some of the research work was carried on by the 500 scientists there.

There was one machine that can measure time in fantastic fractions of a second, another that can measure three-billionths of an ounce. And although Chalk River isn't concerned with making the atomic bomb, one scientist told reporters how to make an atomic explosion: "All you do is pile up enough pure uranium 235 and when the last piece is piled on, boom, everything goes."

He didn't say, though, how it is arranged.

Another scientist, British-born John M. Robson, has spent three years chasing the neutrino—a ghost with tremendous speed but practically no weight.

Scientists are convinced that the neutrino forms part of the atom's core and that it could reveal much information about what holds substance together.

Robson is believed the only person in the world trying to catalogue the neutrino's existence. The breakdown of the reactor has delayed his research but he thinks he'll succeed in his studies six months after the reactor starts working again.

### GOODWILL MISSION

Canada's biggest goodwill trade mission in history set off from Ottawa last week to tell business men in nine Latin-American countries of the goods Canada has to offer and to impress Canadian business men with the vast trade opportunities in Central and South America.

Trade Minister Howe is heading the 12-man group which includes some of Canada's most prominent industrialists.

The mission will visit Brazil, Argentina, Uruguay, Venezuela, Colombia, the Dominican Republic,

Haiti, Cuba and Mexico.

Mr. Howe emphasized the group had no intention of dealing with defence problems or signing trade agreements. "We simply will be building up goodwill and will see what we can sell," he said.

### LIVING COSTS DROP

The government's living-costs index, released last week, showed that in November prices made their biggest drop in seven months.

The new Consumer Price Index, based on 1949 prices equalling 100, declined by three-tenths of a point to 115.8—the level at August, 1951. The Bureau of Statistics said the decline was due to lower food prices, which offset higher rents.

## L. SENEY HEADS BOARD OF TRADE AT PENTICTON

PENTICTON—Lyman Seney has been named the new president of the Penticton Board of Trade. He was chosen at the annual meeting held in the Prince Charles Hotel.

Edgar Dewdney will be the vice-president of the new executive. Mr. Seney and Mr. Dewdney were unopposed in the elections, following the presentation of a nominating report by a former president of the board, Dr. W. Roy Walker.

The 1953 executive will comprise L. C. Chambers, Roy Chapman, Avery King, Evans Loughheed, R. F. "Cappy" Raikes, M. F. Syer, Jack Lawrence and H. K. Whimster.

The Board of Trade, during the past year's operation, functioned on an income of \$3,228, it was shown in the financial report.

Lyman Seney, the incoming president and chairman of the membership and finance committee last year, tendered the report, which showed a bank balance of \$447 at the outset of the current year. This

was a slight improvement over the \$138 on hand at the corresponding date a year earlier.

Membership fees amounted to \$2,215 during 1952 and were the board's main source of income, he pointed out. "Dinner receipts of \$349 did not meet the actual cost of meetings, listed at \$4160."

### OPEN POLIO FUND

PENTICTON — The Penticton Kiwanis Club opened its fourth annual Polio Fund last week.

## Fireman's 25 Years Of Service Recognized

PENTICTON—Twenty-five years' service with the city fire department was rewarded when James D. Crawford was presented with a rose bowl by Mayor W. A. Rath-bun.

Mr. Crawford started as a volunteer on January 4, 1928. On August 10, 1939, he became a full-time driver and was promoted to captain in 1946.

## REGATTA FAME SPREADS EVEN TO MARITIMES

Kelowna's Regatta fame has spread far afield. Dr. Mel Butler discovered this when he attended the Canadian Amateur Hockey Association convention in Ottawa. When he said he was from Kelowna, a Maritime delegate remarked: "Oh that's where they hold that big water show."

He went on to say he had seen movies covering the great International Regatta at a Maritime movie theatre and had been highly impressed. Another delegate from the Georgian Bay region, Ontario, also lauded the Regatta and instantly connected it when he heard the name "Kelowna" mentioned.

## PLEASE NOTICE

It was inadvertently stated in our Thursday advertisement that there was 20% off "A" rates to all accident-free drivers under 25 years of age. It should be stated that, to qualify, you must produce a certificate from an accredited driving school, or have completed a high school driving course successfully.

## Walrod Warns Growers Not to Look To Processing Plant To Provide Answer To Soft Fruit Production

(By Courier Staff Reporter)

VERNON—R. P. Walrod, manager of B.C. Fruit Processors Ltd., warned delegates attending the annual BCFGA convention that they should not look to the processing company to provide the answer regarding the surplus of soft fruits.

Mr. Walrod said that real difficulties exist, but that investigation is being extended and intensified. The BCFGA had gone on record favoring a speed-up in experiments. Hitherto, Processors has been concerned solely with surplus apples, manufacturing juices and other products. Financing of operations is entirely from apple pools.

Oliver delegation sparked discussion in a resolution asking that "if economical," processors "be equipped to dehydrate or process (not can) any soft fruits of a standard marketable grade, that cannot be sold on the fresh fruit market, as a salvage deal for the industry to prevent a loss by dumping of good marketable fruit."

The inclusion of cull fruit in this proposal is not recommended. The financing is to be from proceeds of pools of the fruit varieties participating.

John H. Thorpe recalled the convention's attention to the operation undertaken last year whereby a quantity of apricots for which no outlet existed on the fresh market, were converted into puree by a coast canner. He suggested that a start had been made, but that the industry itself should have facilities at least for making puree which might be sold in bulk to baby food manufacturers.

## FROZEN PRODUCTS

Mr. Walrod assured the meeting that Processors is already in contact with three of the four leading baby food manufacturers.

Processors "do not at present know enough to draw definite conclusions" about freezing of soft fruits, he said. Some items are gaining in popularity, aided by frozen food plans on which the consumer has not yet passed final judgment. Unfortunately, frozen apricots and peaches are running contrary to the trend in that they are not being accepted by the markets. In the United States, frozen prunes are presently a drug on the market.

Some years ago, Ted Atkinson, at the Summerland Experimental Station, did valuable work on drying of prunes and apricots. Mr. Walrod added that from the "sum total" of our information it appears questionable that soft fruits can be successfully dried in these latitudes.

President A. B. DesBrisay, of Penticton, gave a general review of the affairs of the company during the last year in presenting his annual report. Satisfaction was found, he said, in the fact that though volume dropped "a little more than half of the previous

## A. W. ZIPRICK, RETIRED FRUIT GROWER, DIES

Adolph William Ziprick, retired Winfield fruit farmer, died in hospital here Saturday at the age of 83 years. Born in Riga, Latvia, he had resided in Winfield since 1939, retiring about five years ago.

Funeral service will be held Sunday at 2:00 p.m. from the Seventh Day Adventist Church, Rutland, Rev. G. McLean officiating, followed by interment in Kelowna cemetery.

Married in Europe, the deceased brought his bride to Canada, home-coming in 1904. They are: Eric and Ernest, both of Winfield; Arthur, Blue River, B.C.; Mrs. F. (Annie) Reiswig, Mrs. D. (Lucy) Reiswig, Mrs. D. (Emma) Reiswig, Mrs. I. (Alfreda) Siebel, Mrs. L. (Hattie) (Trotter), all of Winfield; Mrs. J. (Natalie) Rottacker, Peoria, Alta. and Mrs. J. (Eugene) Neufeld, Eugene, Ore. One brother, Rev. C. M. Ziprick, Los Angeles; three sisters in Sacramento, Calif., and one sister in Saskatchewan also survive.

He leaves three sons and seven daughters, his wife having predeceased him in 1949. They are: Eric and Ernest, both of Winfield; Arthur, Blue River, B.C.; Mrs. F. (Annie) Reiswig, Mrs. D. (Lucy) Reiswig, Mrs. D. (Emma) Reiswig, Mrs. I. (Alfreda) Siebel, Mrs. L. (Hattie) (Trotter), all of Winfield; Mrs. J. (Natalie) Rottacker, Peoria, Alta. and Mrs. J. (Eugene) Neufeld, Eugene, Ore. One brother, Rev. C. M. Ziprick, Los Angeles; three sisters in Sacramento, Calif., and one sister in Saskatchewan also survive.

## D. MACFARLANE FUNERAL RITES HELD SATURDAY

Funeral service for Dugald Macfarlane, 75, well-known in the fruit industry, whose death occurred in his sleep Thursday morning at his Okanagan Mission home, was held from First United Church Saturday afternoon, Rev. R. S. Leitch conducting the rites.

A resident of the Kelowna district for 43 years, the late Mr. Macfarlane had spent most of his life in Kelowna, building a home at Okanagan Mission five years ago. Though semi-retired, he still was field man with Kelowna Growers' Exchange, with whom he had been employed for 32 years.

Born in Giberston, Scotland, Jan. 28, 1877, the deceased came to Kelowna direct from his native land. Many of the orchards in Glenmore and East Kelowna were planted by him or under his supervision.

## ARDENT HORTICULTURIST

He was an original member of the United Church choir and sang during the services on the Sunday prior to his death. He was an ardent horticulturist and took a leading part in organizing and directing local horticultural groups. He was also a member of St. George's Masonic Lodge (Number 41), and the Kelowna Lawn Bowling Club.

Burial was in the family plot, Kelowna cemetery. Pallbearers were: Len Leathley, Max de Pyle, Don Horton, Max Jenkins, W. E. Corner and C. Rampton. He leaves his wife, Doris; one son, Ian, in Penticton, and one grandchild. Arrangements were entrusted to Kelowna Funeral Directors.

## LITTLE THEATRE PRODUCTION HAS MANY NEW FACES

New faces appear in Kelowna Little Theatre's production, "Ghost Train," now in rehearsal, scheduled for February 9 and 10. Leading lady is Mrs. Betty Reid, in private life Mrs. Christopher Reid, who made her debut in theatre in Victoria where she won the Governor-General's medal for her role in VLT's production of Noel Coward's "Hands Across the Sea."

Prominent roles are played also by Mrs. Marie Fraser and Carol Furber. Art Hall is cast as Saul, the old station master, while Hugh Burnett plays the part of Hubert, Nicholas Van der Vliet portrays the doctor and Jackson is interpreted by

## A SAVINGS PLAN FOR INVESTMENTS!

Yes, you can buy investments on a Savings Plan. Small amounts put aside at your convenience will be invested in sound Canadian securities. And there is no penalty clause for not carrying out your plan, as you decide what payments to make and when to make them.

## Here's How the Plan Works

- 1.—Start your plan with the payment of any small amount.
- 2.—Yorkshire and Canadian Trust Ltd., act as Trustee.
- 3.—An account will be opened for you, and from it the Trustee will invest in Trans-Canada shares Series "C" to the nearest share. (Trans-Canada shares are Investment Trust shares, which invest your money in large Canadian Companies, such as Aluminum Ltd., Bell Telephone, B-A Oil, International Nickel, etc.).
- 4.—A statement will be sent to you every six months covering all transactions and investments.

This plan is ideal for investing Family Allowance cheques or other small amounts for your children's future.
